

REMARKS

This Amendment accompanies a Petition under 37 C.F.R. §1.78(a)(3) for acceptance of an unintentionally delayed claim for priority under 35 U.S.C. §120 in the above-identified application. This Amendment is not responsive to the outstanding Office Action mailed August 8, 2002 in this application; a response to this Office Action will be prepared and filed under separate cover.

During a review of this application file in preparation for drafting a response to the above-mentioned Office Action, and pursuant to discussions with representatives of the current assignee of record (Color Kinetics, Inc.), the undersigned noted that the priority claim references listed in the "Cross Reference to Related Applications" section of the application as filed were incomplete. In particular, a number of non-provisional and provisional applications to which the listed references similarly are entitled a benefit were omitted inadvertently from the listed references. Accordingly, in this Amendment, these inadvertently omitted references now are included in the priority claim.

Together with this Amendment, as discussed above, Applicants also submit herewith to the Office of Petitions a Petition Under 37 CFR 1.78(a)(3) for Acceptance of an Unintentionally Delayed Claim for Priority Under 35 U.S.C. §120, the required surcharge, and a statement that the entire delay between the date the claim was due and the date the claim was filed was unintentional.

Favorable consideration is requested.

Respectfully submitted
Kevin Dowling, et al., Applicants
